1. Introduction

Suffolk County Council Adult Learning Service is grant funded from the Education and Skills Funding Agency (ESFA) and in accordance with the conditions of this grant the service will:

- Maximise access to adult skills and community learning for adults.
- Focus public funding on people who are disadvantaged and least likely to participate.
- Collect fee income from people who can afford to pay and use where possible to extend provision to those who cannot.
- Recognise and monitor 'Pound Plus' income
- Provide a service that maximises value for money and maintains the high quality.

2. Pound Plus

Pound Plus refers to additional income generated by providers over and above core income from the ESFA's Adult Education Budget. It is a term used to describe how learning providers can show how they are maximising the value of public investment.

Suffolk County Council subcontracts 100% of delivery to locally based ACL providers and will monitor the effectiveness of Pound Plus as part of the Services Quality Assurance Framework to assess the following:

- Value of course fee income
- Value of increased income from external grants or other funding
- Added value of the use of volunteers
- Contributions in kind from the council and community partners
- The rationalisation, enhancement and re-focusing of the curriculum offer
- Value of using community buildings and or sharing premises
- Social impact of learning on the wider community such as health, wellbeing, and employability
- Other measurable indicators that are developed.

Suffolk County Council will evidence answers from the following questions:

- What other funding can we lever in?
- What resources in kind can we source?
- How can the Service grow the pound plus value through the next academic year?

Results will be recorded in the Self-Assessment Report 2021-2022.

This fees contributions policy applies to all learning provided by our main sub-contractor Realise Futures Learning and Development under all funding streams for learning starting on or after 1st August 2021. Other subcontractors follow this model.

Evidence of Entitlement to Concessions: For courses which carry a fee, learners may be asked to provide relevant evidence of their entitlement to a remission of that fee. The evidence required will be evidence of benefits such as a benefit award letter or universal credit statement or evidence of salary, such as a payslip or contract of employment. We do not require evidence where the learner has been placed to the course by their Job Centre Plus advisor unless proof of low wage is required.

Accreditation Fees: Each accredited course has an accreditation fee and this is detailed on Booking Live or can be provided by the Learning Manager.

Clarification: Learners may be working and on JSA. These learners may claim full funding. Equally, any learner not earning and on ESA or UC is automatically fully funded.

Partnership Working:

Targeted provision for those learners who are most disadvantaged in our target groups may be provided free of charge through partnership arrangements. This is at the discretion of the Learning Manager. The standard fee band will be applied to the course but fees are waived for all learners.

All other partnership arrangements will be agreed with the partner and will be charged to the partner through standard invoicing arrangements based on the above fees contribution policy, putting the emphasis on the partner to recruit suitable learners who pay them to cover their costs.

Partnership courses will be clearly flagged as not for public bookings.
